Adaptive Solutions Appoints Director of Performance Management

March 19th, 2007 (Rancho Santa Margarita, CA) – Adaptive Solutions Incorporated announced today that Darrin Phipps, formerly of CBH Consulting, has joined Adaptive Solutions as the Director of Performance Management. In this role Darrin is responsible for the growth and overall management of Adaptive Solutions' Performance Management Service Line, with a particular focus on budgeting, planning, forecasting and financial consolidations.

Darrin is a Certified Public Accountant who brings over ten years of accounting experience to the organization. He has held positions from Staff Accountant to Regional Controller and managed organizations ranging from \$30M to \$350M in revenue. Having worked for Cognos Corporation for many years, Darrin also brings an extraordinary level of Enterprise Planning product expertise rarely found in the industry.

"The recent appointment of Darrin Phipps follows Adaptive Solutions' tradition of hiring only the most qualified resources available and helps further our commitment to quality and dedication to our customers and their success" – Dave Boniface, Executive Director of Adaptive Solutions Incorporated.
