## FOR IMMEDIATE RELEASE

### Adaptive Solutions, Inc. Announces Partnership with At Task, Inc.

**March 12, 2008 (Rancho Santa Margarita, CA)** – Adaptive Solutions Incorporated announced today the partnership with At Task, Inc based in Orem, UT. At Task is the leading provider of on-demand project and portfolio management software. Its flagship product, @task, places business intelligence tools in the hands of executives and makes team-collaboration accessible to the front-line. By providing a platform, database, and browser-independent solution that can be implemented either on-premise or on-demand, @task creates an enterprise-ready solution that is easy to use and understand for Fortune 500 companies across the globe.

Adaptive Solutions has been helping its clients improve their business by gaining access to mission critical information and monitoring performance. With the partnership with At Task, Adaptive will be able to provide tools and services focused on project portfolio management and often overlooked but strategically important part of any business.

“We are excited about the partnership with At Task. We realize the complexity for any business to manage projects in the now virtual business environment and believe At Task solves the problem faced by many organizations in managing their project portfolio.” – Kurt Reisinger, Consulting Services Manager.

Adaptive Solutions will sell At Task solutions as well as provide implementation services and training for current and new At Task client throughout North America.
